Bottling **in june 2 years after the harvest period**

## TECHNICAL DATA

Total acidity **5,30 g/lit**  
Dryness **34 g/lit**  
pH **3,65**

## ORGANOLEPTICAL FEATURES

The wine has a deep colour with violet hints. Cherry nuances melt with sweet vanilla notes given by ageing in the wood. In the mouth it is full, powerful and intense with a light and soft tannic structure that enhances a good finish.

## GASTRONOMY

Ideal with pasta with tomato and meat sauce and vegetables soups. Very good in combination with pork and wild boar, roast veal and roast lamb. Also try with strongly-flavoured cheeses.

## AWARDS
